

The HELIX is an exciting opportunity to transform the landscape between Falkirk and Grangemouth into a thriving environmental community. The project will provide unique outdoor space with woodland, paths, cycle-ways and major public artworks, it will also reconnect the Forth & Clyde canal to the Forth Estuary.

The HELIX is one of only 3 projects in Scotland competing for Big Lottery Funding and, if successful, could win £25million.

SUPPORT THE BID

HELIX HAPPENING, Thursday 22 March

Come along to support the bid, find out more about exciting HELIX opportunities, meet the design team, *Have Your Say* on plans for the canal, walkways, public art and much, much more. All welcome!

Forth Valley College, drop in from 9.30am-7.30pm.
